The relationship of cooperation and help between the Government of Colón, directed by Attorney Carlos Ramon Aguilar Guifarro, and the Ministry Serving Others In Love, directed by Pastor Anthony Ponceti as representative of SOIL from the United States of America, has been of benefit and blessing to the neediest population of the Department of Colón after the passage of tropical storms Eta and Iota and the World Pandemic of Covid-19. At the beginning of the arrival of the Ministry to the Honduran people, they requested support with the management through the Government of Colón to carry out the mobilization of doctors from the city of La Ceiba, Atlántida to the city of Tocoa, Colón, which they were left given; where, taking advantage of the situation, 2 FREE Medical Brigades were carried out.

One of these medical brigades was held on December 16, 2020, in Colonia la Unión de Tocoa, one of the communities with a high rate of poverty and with the most damage caused by storms Eta and Iota, where more than 300 procedures were provided. These medical procedures were provided to children, women, men and older adults, and at the San Isidro Regional Hospital care that required surgery was also provided

The second medical mission provided by the Doctors of the Serving Others In Love Ministry was carried out in coordination with the Municipal Health team of Sonaguera in the Community of Curva de Isletas where medical assistance was also provided to the general public on the 18th. December 2020.

It was as a result of this tour and after having observed the need on the part of this population that the SOIL Ministry sent donations and managed to benefit more than 500 families from the Colonia la Unión of the Municipality of Tocoa, Department of Colón, this population being one of the most affected by the passage of hurricanes Eta and Iota in the Department. The support consisted of the donation of 24 boxes containing diapers, baby clothes, children's clothes, clothes and shoes for adults.
